10% new French Oak
90% Neutral Oak

CLONES

58% Clone 1
42% Musque

ALCOHOL

13.5%

COOPERAGE

Atelier, Tremeaux, Orion

ABOUT THE WINE

The 2023 Estate Sauvignon Blanc is one of the first wines released from this vintage, and what a stunning way to begin. Our love for old-world expressions of this varietal has shaped a journey centered on texture, precision, and balance. To achieve this, we rely on barrel fermentation and meticulous lees integration, polishing the wine into a true gem.

2023 marked our fourth vintage of organic farming, a milestone that also saw a complete departure from small stainless steel barrels. Instead, we embraced 90% Neutral oak with a deliberate touch of 10% new French oak, refining the wine's structure and depth. Fermented with 30% native yeast, the wine is vibrant and multidimensional, brimming with energy.

The aromatics open with tropical bursts of ripe pineapple, guava, and ruby red grapefruit. Subtle hints of chamomile and coriander weave through the bouquet, adding layers of complexity.
